About AFSAC

- AFSAC's goal is to satisfy our customers' needs. This Web based service is another attempt to achieve that goal. It is not intended to replace our valued personal interface with our customer. Because our customers are worldwide, we have developed this interface to provide easy, around-the-clock access to information about our services.
- [Business applications](#)
We currently offer a suite of 4 Business Applications for accessing your FMS data via this web site. In addition we also have a quick view application to obtain a snap shot of a requisitions current status. As of 22 May 2001 you now have the ability to input AD1 requisitions via the web site.
- [World wide warehouse](#)
AFSAC Online provides a link to the World Wide Warehouse. [Click here to access the WWRS business applications.](#)
- [Selecting](#) [Access](#)
A web based service provided by the Air Force Security Assistance Center. It provides one-step access to multiple databases, which allow a user to research the supply pipeline by country and service. Click the link above to go directly to their website to find out more about this service. [Click here](#)

PROS II Metrics Report

* Country

Month/Year From To

* = Mandatory

NOTE: Specifying a date range is optional. However, to specify a date range, both the From and To date must be specified

Show Report

Clear

The PROS II Monthly Metric report, consists of supply and maintenance data for any given country with comparisons against the entire worldwide position. At the beginning of each month, the statistics used by this report are computed and stored by country, timeframe ("overall" and "last month"), level of supply/type delay and type support ("Supply" or "Maintenance"). The next 8 charts display the report output.
